Hi Thomas,

First, let me apologize for the confusion on this request. It bounced between a few different departments, but I have been in touch with Karen and let her know I am closing out this request.

Attached is a no objection letter, meaning we do not object to you applying knowledge you have gained from our works to a new project.

Please let me know if you have any further questions.

Thank you and good luck with your endeavor! I live in the United States and also enjoy geocaching from time to time! 😊  
Mallory

Hi Thomas,

I can assist with the attached request. Can you confirm that you are not taking material from the MH work, rather using what you have learned, combining with other information you have learned, and creating your own unique material?

I will need your postal address and the name of any organization this work is on behalf of.

Thank you,  
Mallory
